

VBALL

VBall® Extra Fine Point Roller Ball Pen

The next generation of roller pen writing— The Pilot VBall liquid ink roller. VBall combines pure liquid ink technology with Pilot's patented liquid ink feed system to assure smooth, skip-free writing and complete use of every drop of ink. VBall's stainless steel ball writes smooth under light or heavy pressure and the visible ink supply lets you know when you're running low. Put it all together and a Pilot VBall is smooth to the last word...without skipping, scratching, smearing or blotting.
